

Wandsworth Borough Council

# Authority Monitoring Report 2014/15 – 2016/17

## Sustainable Development & Communities policy performance

## Wandsworth Local Plan Authority Monitoring Report

The Authority Monitoring Report forms part of the Local Plan (Formally the Local Development Framework). The requirement for a local authority to produce an Authority Monitoring Report is set out in Section 113 of the Localism Act 2011. The Act requires every authority to produce a report or series of reports containing information on the implementation of the Local Development Scheme, the progress and effectiveness of the Local Plan and the extent to which the planning policies set out in the Local Plan documents are being achieved. The Authority Monitoring Report replaces the Annual Monitoring Reports previously used to monitor the performance of the Local Development Framework.

The Council has committed to monitoring the performance of policies as set out in the Core Strategy (Adopted October 2010):

*“5.14 The Council has well established monitoring systems for a range of key planning information. Monitoring the effectiveness of the policies and strategies over time, including targets where appropriate, is essential to ensure that objectives of the Core Strategy are being delivered. Targets and indicators are set out in the Sustainability Appraisal and will be monitored in the Annual Monitoring Report. A thorough review of the indicators contained in the Annual Monitoring Report has been undertaken. New indicators have been added to ensure that the policies contained in the Core Strategy can be directly monitored. The key indicators which will be used to monitor individual policies are set out in Appendix 2. As the Core Strategy is closely linked to the Council's Sustainable Community Strategy, a number of key indicators, e.g. those on the provision of new housing and affordable housing are shared, including indicators used in the Council's Local Area Agreement. The information collected as part of the preparation of the Annual Monitoring Report will also feed into annual monitoring systems set up by the GLA, TfL and the LDA.”*

The indicators used to monitor the Local Plan have been reviewed as part of the Local Plan Review process and a revised list of indicators has been published in the Core Strategy 2<sup>nd</sup> Proposed Submission Version. This Authority Monitoring Report uses the revised list of indicators.

This is the third Authority Monitoring Report for Sustainable Development and Communities. It covers the period 1<sup>st</sup> April 2014 to 31<sup>st</sup> March 2017.

Where it would appear through monitoring that targets are not being met it may be necessary to review the policies within the Local Plan to see if they need to be amended in order to secure delivery of the spatial vision, consider alternative strategies or take appropriate management action to remedy the cause of underperformance. For borough level targets, e.g. housing targets, any performance below 80% of minimum targets two years in a row will trigger a review of policy. The need to review policies relating to specific areas of the borough or take appropriate management action, will also take account of information on likely future delivery, e.g. information on the granting of planning permissions and feedback from developers on the prospects for the implementation of schemes.

Previous Authority/Annual monitoring reports are available to download from [www.wandsworth.gov.uk/amr](http://www.wandsworth.gov.uk/amr). Annual Monitoring Reports are available for the period between 2004/05 and 2010/11, with Authority Monitoring Reports available from 2011/12 onwards.

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance			2014/15	2015/16	2016/17

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance	2014/15	2015/16	2016/17	
S 37	Percentage of permitted development complying with the car-parking standards set out in the local development framework	Development complies with maximum parking standards	Of the residential schemes that did not comply with the standards, the existing number of parking spaces was already over the maximum allowed.	Comply with maximum standards	82	96	127
			Existing provision over maximum	5	1	3	
			Percentage of development complying	94%	99%	98%	
S 38	Developments approved with a car club parking space	Increase the number of car club spaces		5	4	5	
				✓	✓	✓	
S 39	Provision of parking permitted on new development distributed equitably between open market and affordable/ intermediate based on unit size and number of units			No Data	No Data	No Data	
S 40	Access to public transport for disabled people	Improve access to stations and bus stops with disabled access	2015/16 - Improved entrance to Putney station from Putney High Street with lift access and larger ticket hall. Funding has been secured from the Department for Transport to install a lift at Battersea Park Station. The Council continues to invest in improvements to bus stops to ensure they meet the accessibility guidelines recommended by TfL. Wandsworth currently has a high number of bus stops that are fully accessible and will continue this investment until all bus stops are fully accessible.	-	-	-	
S 41	Length of cycle routes in the borough along the rivers and the rest of the borough	Increase the total length of cycle routes in borough including along the river Thames and the Wandle	2014/15 - 2.6 km of new or upgraded on-carriageway segregated routes in Wandsworth and Tooting Common 2015/16 - 0.15 km of new or upgraded on-carriageway segregated routes at Stapleton Road contraflow 2017 - Total 97km of cycle routes in Wandsworth in addition to Cycle Superhighways	✓	✓	-	

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance	2014/15	2015/16	2016/17
S 42	Length (m) of pedestrian links and/or (m2) of pedestrian space on permitted and/or completed on new development along the rivers and the rest of the borough	Increase the total pedestrian space in borough including; a) along the river Thames and the Wandle. b) links between Town Centre and Thames, including links along Wandle and to Wandsworth town station	a) 1.5km of Thames riverwalk opened up or due to be opened up to the public as part of Wandsworth Riverside Quarter, Battersea Reach, Battersea Power Station, Riverlight and Vauxhall Tower developments  b) 190 metres of new Wandle riverwalk consented with Ram Brewery development	-	-	-
S 43	Length of street (pedestrian) enhancements		2014/15 - 4 Protected Crossing Facilities provided Including a new pelican crossing at Clapham Junction 2015/16 - 2 Protected Crossing Facilities provided, 46 km of roads where 20 mph zones / limits have been introduced 2016/17 - 2 Protected Crossing Facilities provided, 204 km of roads where 20 mph zones / limits have been introduced	✓	✓	✓
S 44	Number of schools and companies with approved travel plans and new developments approved with section 106 requirements for travel plans	Increase the number of schools and companies with approved travel plans	Schools and nurseries	7	4	1
			All other developments	17	17	11
S 45	Gain / loss of moorings and jetties and associated facilities on the River Thames	No loss of moorings and jetties and associated facilities on the River Thames	No loss of moorings or jetties. Plantation Wharf River Bus pier completed in 2014/15 Battersea Power Station River Bus pier completed 2016/17	✓	✓	✓
S 46	Development on land safeguarded for transport uses		No development of safeguarded land	✓	✓	✓

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance	2014/15	2015/16	2016/17	
S 47	Amount of bulk material (waste and freight) transported by rail and water	Increase the amount of bulk material transported by rail and water.	Riverside Pier at Battersea is used for Northern Line Extension works and other developments, thereby reducing the numbers of heavy good vehicles on the roads.	No Data	No Data	No Data	
S 48	Number of flood investigations and associated reports signed off by the Council.	To sign off a report on all investigations.	2014/15 - 1 x (Earlsfield Road) 2015/16 - 1 x (Earlsfield Road) 2016/17 - 1 incident investigated (Gambetta Street, sign off anticipated 2018/19)	1	1	n/a	
S 49	Percentage of New Dwellings Permitted Within 1 in 100 Year Flood Risk Zone (Zone 3)			55%	49%	64%	
S 50	Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds	Development will not be permitted where the Environment Agency has an outstanding objection relating to flooding or water quality	2016/17 Contrary Decisions -	Approved by EA	8	20	19
			Objection not relevant 2016/6541	Refused by LPA	1	12	9
			Objection not relevant 2017/0240	Withdrawn by Applicant	3	5	18
			Contrary 2016/5988	Contrary	0	0	4
			Contrary (Prior Approval) 2016/2875	Grand Total	12	37	50
S 51	Number of planning permissions without a required flood risk assessment	Flood Risk Assessments (FRA) supplied for all residential development proposals in flood zones 2 and 3	Note - some applications meet the requirements for FRA however are for works which would not affect flooding (i.e. at first floor)	FRA supplied	111	100	122
				FRA not supplied	78	66	58
				Total	189	166	180
				Percentage with FRA	<b>59%</b>	<b>60%</b>	<b>68%</b>
S 52	Number of permissions granted for basements (All basements, basement extensions, conversions of basements to a higher vulnerability classification in the Technical Guidance in the NPPF) within Flood Zones 3a and 3b	Conversions of basements to a higher vulnerability classification or self contained units and habitable rooms will not be permitted in basements in flood zone 3b.	No self-contained residential basements and bedrooms at basement level were permitted in flood zone 3b.	Basements permitted outside Flood Zone 3	320	293	296
				Basements permitted within Flood Zone 3	36	53	52
				Total	356	346	348

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance	2014/15	2015/16	2016/17
S 53	Number and percentage of developments completed and or granted planning permission with Sustainable Urban Drainage Systems in flood zones 2 and 3 and proposals greater than 1ha in flood zone 1.	Increase the number of schemes secured with SUDS		7 ✓	17 ✓	29 ✓
S 54	Percentage of the borough in Open Space Deficiency Areas	Reduce the percentage of the borough in open space deficiency areas		n/a	n/a	48%
S 55	Percentage of the borough in Areas of deficiency in access to nature	Reduce the percentage of the borough in Areas of deficiency in access to nature	Areas of deficiency in access to nature are defined as built-up areas more than one kilometre actual walking distance from an accessible Metropolitan or Borough Site of Interest for Nature Conservation (SINC).	5.9%	n/a	5.9%
S 56	Changes in areas and populations of biodiversity importance	Maintain or increase areas and populations of biodiversity importance	818.9Ha or 23.3% of the borough area is a Site of Importance for Nature Conservation	No Change ✓	No Change ✓	No Change ✓
S 57	Condition of Sites of Special Scientific Interest (SSSIs) as classified by Natural England	Improve condition of SSSI to favourable or recovering	Wimbledon Common (Unit 001 Putney Heath) = unfavourable recovering Wimbledon Common (Unit 006 Woodland) = unfavourable recovering Sites last assessed by Natural England in 2013/14	No Data	No Data	No Data
S 58	Changes in priority habitats and species (by type)	Maintain or increase priority habitats and species	Area of Priority Habitat (hectares)	No Data	No Data	292.8 Ha
S 59	Number of developments completed involving a loss of designated open space	No loss of designated open space		No Loss ✓	No Loss ✓	No Loss ✓

## Sustainable Development and Communities Indicators

Indicator Ref	Description	Indicator Objective / Target	Performance	2014/15	2015/16	2016/17
S 60	Area (ha) of public open space completed on new developments by location	Increase the amount of public open space provided on new development;	Developments completed with Gains of Public Open Space 2007/2999 - The Business Village 2010/5483 - Putney Plaza complete 2011/0324 - Battersea Reach	Gain of Parks and Gardens  <b>0.04 Ha</b>	No Gain	Gain of Parks and Gardens  <b>0.517 Ha</b>
S 61	Developments permitted and/or completed resulting in a loss or gain of sports and recreation facilities, including playing fields lost	Maintain or increase sports and recreation facilities	One development completed in March 2015 for a sports pavilion involved the loss of 87 sqm of playing fields  2011/1875 - 0.0870 ha - Erection of new sports pavilion	<b>X</b>	<b>✓</b>	<b>✓</b>
S 62	Number of planning permissions incorporating ecological impact measures	Increase the percentage of planning permissions incorporating ecological impact measures	Bat Boxes:	1	3	0
			Bird Nesting Boxes:	2	5	1
			Green roofs/walls:	13	10	24
			Creation of new wetland and semi natural habitats:	0	0	0
S 63	Developments permitted and/or completed in Areas of deficiency in access to nature		Residential Developments Completed	21	24	38
			Bat Boxes:		1	
			Bird Nesting Boxes:		1	
			Green roofs/walls:	2	6	5
			Creation of new wetland and semi natural habitats:		2	1
S64	Number of enforcement cases relating to the loss of trees in conservation areas or designated TPOs			<b>18</b>  <b>✓</b>	<b>16</b>  <b>✓</b>	<b>17</b>  <b>✓</b>
