Introduction

Surveys of all the Important Local Parades have been carried out in the Borough of Wandsworth on a bi-annual basis since 1988. The last survey was carried out in 2014. The survey collected information on all ground floor units within the shopping frontages in the Important Local Parades. Details of the occupier, use and use class were collected, enabling changes in the number of units and use class to be monitored over time. The Important Local Parades boundaries used in this report include all the shopping frontages detailed in the Council's 2nd Proposed Submission Version of the Local Plan, October 2014.

Use Classes Order

The use classes stated in the report are those identified in the Town and Country Planning (Use Classes) Order 1987, as amended. The A1 Retail Class is broken down into A1C (Convenience) units such as grocers, bakers, butchers, greengrocers, newsagents; A1D (Durable – also called comparison goods) such as clothes, electrical goods, furniture, DIY stores and A1S (Service) units such as hairdressers and photo processing shops. Vacant units are identified by their use class e.g. A1V is a vacant retail unit, A3V is a vacant restaurant/café and B1V is vacant office. Internet cafés are categorised as A1 in this report unless internet provision is ancillary to other uses. For example, a café with only a few computers would be classed as A3.

The Important Local Parades

Important Local Parades are small groups of shops serving the day to day needs of residents and workers. There are 23 Important Local Parades dispersed throughout the Borough, which together with the Town and Local Centres provide easy access to day to day shopping facilities for the majority of residents and workers. The 2nd Proposed Submission Version Local Plan policies aim to ensure that most residential areas are no further than 400 metres from local shops throughout the Borough.
