

Adjoining borough

2000/2339	Land adjoining 16 Ravensbury Terrace SW18	The installation of a 15m free standing mast 6 cross-polar antennas and two microwave metres as details on enclosed plans.	
2001/2513	Barn Elms Sports Ground Queen Elizabeth Walk SW13	Installation of telecommunications mast.	No Objections
2002/2494	Roundabout, Kingston Vale SW15	Request for observations from Royal Borough of Kingston-upon-Thames for the erection of 15m high telecommunications monopole and associated ground based equipment including equipment cabin.	Objections Raised
2002/4344	Opposite Rosslyn Park Rugby Football Club Upper Richmond Road SW15 Site in Richmond	Installation of 15m high telecommunications monopole and equipment cabinet.	No Objections
2005/3471	On pavement outside 450 Durnsford Road junction with Revelstoke Road SW19	Request from Merton Council for observations on application for prior approval for the installation of a 13.4m high telecommunication mast together with ground based mini-cabinet.	Objections Raised
2003/2823	Junction of Tooting Bec Gdns & Riggindale Rd SW16	Erection of a 12.5m high telecommunications mast, and ancillary equipment cabin	No Objections
2003/3300	1 - 28 Roehampton Court Site in Richmond Upon Thames	Installation of radio base station on roof to include 6 panel antenna and five equipment cabinets request for observation for London Borough of Richmond Upon Thames.	Objections Raised
2004/4541	Ridge Road Allotment, Ridge Road, Mitcham.	Erection of a 16.7 metre slimline telecommunications pole with integral antennae.	No Objections
2002/4992	Telephone Pole Adjoining Playing Fields, Robin Hood Way SW15 Site in Kingston-U-Thames	Erection of a 15m high telecommunications monopole with three ancillary ground based equipment cabins.	No Objections

Balham

2011/0586	Pavement outside 99 Thurleigh Road SW12	Installation of BT cabinet on pavement	Permission not required
2005/0424	South Clapham Telephone Exchange Old Devonshire Road SW12	Installation of 6 pole-mounted antennas, 3 equipment cabinets on roof, and repositioning of 2 existing pole-mounted antennas.	Approve with Conditions
2002/5152	South Clapham Telephone Exchange Old Devonshire Road SW12	Installation of a column supporting antennae on top of existing roof top plant room, installation of two further antennae mounted on steel tripods on main roof level, and further ancillary equipment including roof top equipment cabinets.	Approve with Conditions
2002/3840	Bedford House, 215 Balham High Road SW17	Proposed Installation of six panel antennas, two dish antennas and the associated electrical equipment.	
2002/2457	47A Balham High Road SW12	Installation of telecommunications equipment on the roof including four antennas, four dishes, seven equipment cabinets and ancillary equipment; replace turret with a new one with antennae incorporated within it.	Approve with Conditions
2009/4007	12 Balham Hill SW12	Installation of antenna on roof of building. (Notification only).	Permission not required
2006/2938	3 - 5 Nightingale Lane SW4	Installation of a radio base station comprising of a 4.5m hydraulic flagpole containing three shrouded antennas, one 300mm dish antenna, radio equipment housing located on roof of building.	Approve with Conditions
2006/1018	Du Cane Court Balham High Road SW17	Installation of three 300mm diameter transmission dishes plus inclusion of ancillary equipment within an existing cabin.	Permission not required
2005/0938	South Clapham Telephone Exchange Old Devonshire Road SW12	Repositioning of two pole-mounted antennas on rooftop of telephone exchange building.	Approve with Conditions
2003/2942	Pavement near 67-93 Balham Hill SW12	Erection of an 11.7m pole with integral antennae, and ancillary equipment cabinet, (outside petrol station at 67/93 Balham Hill).	Permission not required

2000/2371	Nightingale House 105 Nightingale Lane SW12	Installation of two masts supporting CCTV cameras, (both near south end of site) , and 2-wall mounted CCTV cameras.	Approve with Conditions
2003/4703	Metropolitan Police Building Section House 3 - 5 Nightingale Lane SW4	Installation of Orange telecommunications equipment consisting of three mounted antennas and two dish antennas with six ground based equipment cabinets.	Approve with Conditions
2011/0592	Pavement outside 210b Cavendish Road SW12	Installation of green coloured BT cabinet.	Permission not required
2004/2371	Land adj 209 Bedford Hill SW12	Installation of a 13-metre high telecommunications mast (camouflaged as cypress pine tree), and associated equipment cabinet.	Permission Required
2004/3967	South Clapham Telephone Exchange 55 Old Devonshire Road SW12	Installation of 6 pole mounted antennas, 3 communication dishes and equipment cabin on rooftop of telephone exchange building.	Approve with Conditions
2011/0585	Pavement in Ramsden Road (at side of 67 Nightingale Lane) SW12	Installation of a green BT cabinet.	Refuse

Bedford

2011/0584	Pavement outside 194 Bedford Hill, on Elmbourne Road.	Installation of green coloured BT cabinet.	Permission not required
2010/2376	Land on the south side of Tooting Bec Road SW17, opposite the Common, west of Franciscan Road	Installation of 10m high telecommunications pole with 3 antennae, and equipment cabinet.	Permission not required
2010/1665	North side of Bedford Hill east side of railway bridge SW12	Installation of 12m high telecommunication monopole mast (involving removal of existing), with 6 antennas, and install one additional cabinet to house radio equipment	Refuse
2004/0933	North side Bedford Hill east end of railway bridge SW12	Installation of a 10 metre high telecommunication monopole, two antennas and cabinets to house radio equipment.	Approve with Conditions
2003/2952	Land adjacent to 209 Bedford Hill SW12	Installation of 12m high telecommunications column, and associated equipment cabinet.	
2002/0039	Land Adjacent to Tooting Bec Road SW17	Installation of a 10m high telecommunications column and two ground-base equipment cabinets on the pavement approximately 40m west of the junction of Tooting Bec Road and Franciscan Road.	Permission not required
2001/0316	Near junction of Tooting Bec Road and Church Lane, SW17.	Installation of a 10m high telecommunications post, and cabinets.	Refuse
2000/4582	Bedford House, 215 Balham High Road SW17	Relocate antennae ,installation of new support steelwork and cabins and ancillary development, all on roof .	Approve No Conditions
2000/4344	Tooting Bec Common Railway Cutting Tooting Bec Road SW17	Construct a telecommunications base station, consisting of a 5 metre mast with antennae, support platform, and cabins, on east side of railway immediately to north of Tooting Bec Road bridge.	Refuse
2000/3179	215 Balham High Road SW17	Installation of telecommunications equipment and ancillary structures on roof of building	Permitted development

Earlsfield

2006/0289	ABC Self Storage Unit 3 , Wandsworth Trading Estate 118 - 120 Garratt Lane SW18	Installation of six antennas, four (4) transmission dishes and up to twenty-one (21) equipment cabinets (in the building) at ABC Self Storage Unit (Notification of works).	Permission not required
2002/2576	18B Summerley Street SW18	Erection of a 3 metre pole with associated fibre optic cabling in back garden for telecommunications purposes.	
2010/2354	Riverside Business Centre 168 Haldane Place SW18	Erection of six replacement antennae on roof of Block A together with installation of equipment cabinet.	Approve with Conditions
2005/4502	862 Garratt Lane SW17	Retention of 15m high steel monopole mast with antenna headframe for a temporary period .	Refuse
2005/4075	666-678 Garratt Lane (Texaco Petrol Station) SW17	Installation of 10m telecommunications mast with ancillary cabinet on pavement outside 666 Garratt Lane.	Approve with Conditions
2010/1909	Adjacent to 155 Burntwood Lane on Tranmere Road, SW17	Installation of green coloured BT cabinet.	Permission not required
2005/2015	862 Garratt Lane SW17	Retention of 15m high telecommunication monopole for a temporary period of 72 weeks	Withdrawn
2001/3201	Filling Station 666 Garratt Lane SW17	Erection of one freestanding 'lamppost' 10 metre telecommunications column together with the installation of associated equipment cabinets.	Permission not required
2000/3791	Earlsfield Station Garratt Lane SW18	Determination whether prior approval is required for the siting and appearance of telecommunications equipment.	Permission not required
2001/2046	Unit 3, 118 Garratt Lane SW18	Installation of 6 panel antennae supported on 3 tripod mounts on the building and 1 radio equipment cabin supported on new grillage at ground level.	Approve No Conditions
2000/4641	Riverside Business Centre Haldane Place SW18	Determination whether the siting and appearance of three proposed antennas, on existing tower on top of Riverside Business Centre requires prior approval	Permission not required

2007/1840	148 - 150 Penwith Road SW18	Installation of 3 no. antennae and 1 transmission dish at rooftop level (Notification of installation).	Permission not required
2000/4476	75 Kimber Road SW18	BT Cellnet installation of new equipment cabin on rooftop of Natural History Museum Building.	Permission not required
2006/4052	Self Storage, 1 Bendon Valley SW18	Installation of three telecommunications antennas up to 5.8m high and two equipment cabinets on roof (Notification of installation).	Permission not required
2006/3781	Wandle Primary School 330 Garratt Lane SW18	Installation of three pole mounted antennas, one 600mm and one 300mm diameter dishes on the roof top.	Permission not required
2001/3253	Wandle Primary School 330 Garratt Lane SW18	Replacement of existing antennas mounted on existing poles replacement of existing equipment cabins and erection of an additional 3 x 300mm microwave dishes.	Approve No Conditions
2006/2937	Wandle Primary School 330 Garratt Lane SW18	Installation of three pole mounted antennas, one 600mm and one 300mm diameter dishes on the roof top.	Withdrawn
2006/0239	Riverside Business Centre 168 Haldane Place SW18 4UQ	Installation of a Telecommunications apparatus on roof.	Permission not required

East Putney

2007/3668	On Viewfield Road outside entrance to St Michaels Church Playing Fields SW18	Installation of 8 metre high telecommunications 'mock telegraph' column (comprising shrouded antennas) and an equipment cabinet.	Refuse
2007/3705	Public footpath on southern side of Green Wimbledon Park Road close to western junction with West Hill Road SW18	Installation of 8m high 'mock telegraph' telecommunications column (comprising shrouded antennas) and an equipment cabinet.	Refuse
2010/1867	O/S 136 West Hill SW15	Installation of green coloured BT cabinet.	Permission not required
2010/1876	O/S 10-21, Gwendolen Avenue, SW15	Installation of green coloured BT cabinet.	Permission not required
2010/1898	On northern corner of Putney Heath lane and Tibbet's Ride, SW15	Installation of green coloured BT cabinet.	Permission not required
2010/1912	O/S 215 Upper Richmond Road SW15	Installation of green coloured BT cabinet.	Permission not required
2010/2080	200 Upper Richmond Road SW15	Removal and replacement of six antennas with the installation of the associated radio equipment within the existing cabin. (Notification of intention to install)	Permission not required
2010/2366	Adj to 233 Upper Richmond Road on Gwendolen Avenue, SW15	Change in dimensions of green coloured BT cabinet.	Permission not required
2010/3821	St Simons Avenue adjacent to Simons Church.	Installation of green BT cabinet.	Permission not required
2007/1079	Sylva Court 79 Putney Hill SW15	Installation of three telecommunications antennas, one 300mm dish and two equipment cabinets on roof (Notification of installation).	Permission not required
2006/3764	Millbrooke Court Keswick Road SW15	The installation of 3 telecommunications antennas on chimneystacks. Equipment cabinets to be installed on the roof of the building.	Approve with Conditions
2006/0333	Pavement Adjacent to Texaco Garage West Hill SW15	Installation of 1, 14.7m high telecommunications monopole with ancillary radio equipment housing on West Hill.	Refuse

2005/1715	Erico House 93 - 99 Upper Richmond Road SW15	Erection of 3 telecommunication antenna and 1 transmission dish located around the plant room with 6 equipment cabinets at ground level.	Permission not required
2004/4869	Wandsworth Fire Station 45 West Hill SW18 1RB	Proposed Hutchison 3G installation of a radio base station nominal no: SW0070.	Withdrawn
2004/1892	On the green on West Hill Road (near the junction with Wimbledon Park Road) SW18	Installation of a 10m high telecommunications column and associated equipment cabinet. (I refer to the letter dated 20/05/2004. This letter serves to clarify the location of the proposed telecommunications mast and is NOT an additional application)	Withdrawn
2003/1676	South Thames College Putney Hill SW15	Erection of six Dual Polar Dual Antennas located around the plant room together with four dishes and 10 equipment cabinets.	Permission not required
2003/0323	Pavement Adjacent to Texaco Garage West Hill SW15	Formation of telecommunications base station comprising the erection of a 12.1m high telecommunications mast and associated equipment cabinet.	Permission not required
2002/3653	Hedley Court 67-69 Putney Hill SW15	Removal of existing six telecommunication antenna, dishes and cabinets. Erection of three pairs of sectored antenna, four 600mm dishes and ten equipment cabinets together with associated works.	Approve with Conditions
2002/0840	Corner of Wimbledon Park Road/West Hill Road SW19	Installation of a 10m high telecommunication lamppost/mast comprising shrouded antennas and equipment cabinet.	Refuse
2002/0529	Corner of Keevil Drive and Princes Way SW18	Installation of 10 metre high telecommunications 'lamppost'/mast (comprising shrouded antennas) and an equipment cabinet (Application for prior determination regarding siting and appearance).	Refuse
2002/0527	Corner of Wimbledon Park Road and West Hill Road SW18	Installation of 10 metre high telecommunications 'lamppost'/mast (comprising shrouded antennas) and an equipment cabinet (Application for prior determination regarding siting and appearance).	Withdrawn

2002/0504	Cnr of Sutherland Grove and Cromer Villas Road SW18	Installation of 10m high telecommunication lamppost/mast comprising shrouded antennas and equipment cabin. Application for prior determination regarding siting and appearance.	
2001/3530	Zeta House 200B Upper Richmond Road SW15	Installation of 6no sectored antenna and 4 no. 0.6 meter dishes mounted around the edge of the building, 1 no equipment cabin and ancillary development.	Withdrawn
2001/2773	Tileman House, 131-133 Upper Richmond Road SW15	Installation of 3 antennas, 1 microwave dish and 1 equipment cage on roof.	Permission not required
2000/4426	Putney Telephone Exchange Montserrat Road SW15	Installation at Putney Telephone Exchange.	Permission not required
2010/4815	Hedley Court 67 Putney Hill SW15 3NS	Notification of intention to install base station on roof including antennae and associated equipment.	Permission not required
2000/0448	Flats 40-71 Strathan Close, SW18	Installation of telecommunications antennae and equipment cabin on roof of building.	Approve No Conditions
2000/0709	45 West Hill SW181RB	Installation of telecommunications equipment on roof of drill tower. Erection of equipment cabin at ground level.	No Objections

Fairfield

2000/0775	South Thames College, Wandsworth High Street, SW18	Listed building consent sought for three new telecommunications antennae and a replacement equipment cabin on the roof of the eight storey block.	Approve with Conditions
2001/2272	Municipal Buildings Wandsworth High Street SW18	Installation of three antenna and an equipment cabinet on roof of Town Hall extension (to be added to the existing BT cellnet rooftop mounted installation).	Approve with Conditions
2000/4696	South Thames College Wandsworth High Street SW18	Replacement of existing equipment cabin with enlarged cabin and the provision of additional antennae.	Withdrawn
2005/3588	Corner of Vardens Road and Strathblaine Road SW11	Erection of telecommunications apparatus comprising 1, 11.7m High monopole, radio equipment housing and ancillary equipment.	Permission Required
2000/3939	South Thames College Wandsworth High Street SW18	Telecommunication equipment cabin (2.8m high x 3.4m wide x 4.5m long) and replacement of six antennae on roof of building	Approve with Conditions
2002/5401	Telephone Exchange 376 - 388 Old York Road SW18	Installation of 3 telecommunications antennae, an equipment cabinet and associated works on roof of telephone exchange.	Permission not required
2002/5111	Municipal Buildings, Wandsworth High Street SW18	Installation of telecommunication apparatus: 3 antenna, 1 equipment cabinet and ancillary works on roof of Town Hall extensions.	Permission not required
2010/3243	New Building Town Hall Wandsworth High Street SW18	Replacement of 6 antennas on the roof and installation of associated equipment.	Approve with Conditions
2000/0772	South Thames College, Wandsworth High Street, SW18	Three additional telecommunications antennae and a replacement equipment cabin on the roof of the eight-storey block.	Approve for a Temporary Period
2010/2215	39 - 41 East Hill SW18	Replacement of six existing antennae on roof and installation of equipment cabinet.	Withdrawn
2010/1458	90 St Johns Hill SW11	Use of the ground floor corner office unit as a telephone booking office for car and taxi hire.	Withdrawn

2009/1743	Vardens Road at Junction with Battersea Rise.	The Installation of a 12m high slim monopole incorporating trisector antenna in a shroud and 3 no radio equipment cabinets.	Refuse
2002/3309	St Thomas A Becket RC Church West Hill SW18	Replacement of existing flagpole at St Thomas A Becket RC Church with a telecommunications mast. The mast is to appear as a flagpole.	Approve with Conditions
2008/4244	Town Hall Wandsworth High Street SW18	Installation of replacement equipment cabin, replacement and repositioning of three antennas, erection of two 600mm radio link dishes and ancillary development. Installation of temporary equipment cabinets during works.	Approve with Conditions
2001/3265	Arriva PLC Jews Row SW18	Installation of telecommunications equipment, enclosure and associated works on the roof of the bus depot.	Refuse
2000/2876	Waste Transfer Station, Smugglers Way SW18	Installation of telecommunications equipment on roof.	Permission Required
2001/0237	South Thames College Wandsworth High Street SW18	Installation of 2 telecommunications equipment cabins and the replacement of 6 antenna and associated works on the roof of the 8 storey modern block at South Thames College (amendment to previous permission granted on 8th December 2000 - Ref 2000/3939)	Approve with Conditions

Furzedown

2010/5405	Opp 151 Eardley Road SW16	Installation of 1 x electronics communications cabinet.	Withdrawn
2010/5406	S/O 27 Aldrington Road SW16	Installation of 1 x electronics communications cabinet.	Withdrawn
2010/5432	Pavement of Welham Road, to the side of 211 Mitcham Lane, SW16 6PS	Installation of green electronics communications cabinet.	Permission not required
2010/5433	Opposite Furzedown Lodge on Furzedown Road SW17	Installation of electronics communications cabinet.	Permission not required
2011/0090	Pavement in Thrale Road (at side of 1 Clairview Road) SW16	Installation of replacement telecommunications equipment cabinet.	Permission not required
2010/5403	S/O 17 Shepley Court 50 Aldrington Road SW16	Installation of 1 x electronics communications cabinet.	Withdrawn
2010/5402	O/S 2 Aldrington Road SW16	Installation of 1 x electronic communications cabinet.	Withdrawn
2010/3066	101 Mitcham Lane SW16	Change of use from travel agency to telephone booking and administrative office for business providing school transport services.	Approve with Conditions
2009/0226	South side Tooting Bec Road (opposite junction with Dr Johnson Avenue) SW17	Installation of a telecommunications mast (comprising a 10m high monopole with 3 antennas above) and associated equipment cabinet and ancillary development.	Permission Required
2007/5015	Furzedown Educational Institute 5 Spalding Road SW17	The installation of an additional 0.6m dish antenna on the roof.	Approve with Conditions
2007/4753	Furzedown Halls of Residence 5 Spalding Road SW17	Installation of a 0.6m dish antenna on roof, to replace existing dish.	Permission not required
2006/4691	Footpath adjacent to Tooting Bec Road SW17	Installation of a 14.7m high monopole mast complete with three antennas within a shroud, two ancillary radio equipment cabinets and ancillary development.	Refuse
2006/4399	5 Spalding Road SW18	One 1.7m antenna and five dish antennas. (no decision required)	Withdrawn

2006/0722	243 Nimrod Road SW16	Installation of one 300mm diameter transmission dish, and equipment ancillary thereto, in northwest corner of roof.	Permission not required
2011/0407	Outside 1 Ullathorne Road SW16	Installation of a green cabinet on the pavement outside 1 Ullathorne Road.	Permission not required
2003/0982	The London Institute 5 Spalding Road SW17	Installation of two antenna, five microwave dishes and one equipment cabinet and ancillary equipment on the roof of Furzedown Hall of Residence; and installation of one meter cabinet at ground level.	Approve with Conditions
2002/4534	The London Institute 5 Spalding Road SW17	Installation of two antenna, five microwave dishes and one equipment cabinet and ancillary equipment on the roof of Furzedon Hall of Residence.	Approve with Conditions
2001/3010	Foto Shop 159 Fallsbrook Road SW16	Installation of a 3 panel antennae and an equipment cabin on the flat roof of the building.	Permission Required
2001/0498	Nimrod House 243 Nimrod Road SW16	Replace telecommunications equipment cabin with larger cabin.	Permitted development
2000/3180	Furzedown Hall of Residence Spalding Road SW17	Installation of telecommunications equipment and ancillary structures, including replacment of existing dishes and antennae, on roof of tower block.	Approve No Conditions
2000/2777	Furzedown Training College Spalding Road SW17	Installation of a second equipment cabin on roof.	Permission not required
2000/1404	Furzedown Training College Spalding Road SW17	Installation of 4 microwave dish antennas, equipment cabin, and safety rails, on roof of 11 storey building.	Approve No Conditions
2005/3777	South side Tooting Bec Road (opposite junction with Dr Johnson Avenue) SW17	Installation of a telecommunications mast (comprising a 10m high monopole with 3 antennas above) and associated equipment cabinet and ancillary development .	Refuse

Graveney

2001/0727	89 Bickersteth Road SW17	telecommunications equipment on roof - s'seded by 2279.	Withdrawn
2001/2279	Trident Business Centre 89 Bickersteth Road SW17	Installation of telecommunications equipment and ancillary structures on roof of building	Permission not required
2001/2404	89 Bickersteth Road SW17	Installation of telecommunications equipment on roof of building.	Approve with Conditions
2001/3088	Gala Bingo Hall 50 Mitcham Road SW17	Installation of 3 pole mounted antennae to the rear roof of the building..	Approve with Conditions

Northcote

2000/3753	Bolingbroke Hospital Bolingbroke Grove SW11	Installation of a replacement telecommunications cabin, and installation of telecommunications antennae and dishes with associated equipment on the roof of the building.	Approve No Conditions
2000/3792	Plough Road Depot 73 - 75 Plough Road SW11	Erection of 15 metre high 'latticed' steel tower incorporating 6 telecommunications antennae, and erection of steel equipment housing cabinet (3.7m x 2.5m x 2.8m), all within a compound enclosed by 2.13m high chain link fencing.	Permission not required
2000/4145	Clapham Junction Station St Johns Hill	Siting and appearance of proposed 15m high steel telecommunications mast for One to One Personal Communications, and a steel equipment housing cabinet, (3.6m x 2.6m x 3m), all enclosed by 1.8m high chain link fencing.	Permission not required
2000/4432	Bolingbroke Hospital Bolingbroke Grove SW116HN	Proposed by One to One personal communications Ltd.	
2000/4622	Bolingbroke Hospital Bolingbroke Grove SW11	Installation of One to One telecommunications cabin on the roof of the south east wing, and six telecommunications antennae and four dishes.	Refuse
2001/0107	Bolingbroke Hospital Bolingbroke Grove SW11	Installation of BT (Cellnet) telecommunications cabin on the roof of the south east wing, and six telecommunications antennae.	Refuse
2001/2760	Bolingbroke Hospital, Bolingbroke Grove SW11	Installation of telecommunications base station on the roof comprising of five radio cabins and six telecommunications antennae.	Approve with Conditions
2001/3369	Former Gala Bingo Hall 58 St Johns Hill SW11	Installation of six wall-mounted antennas and associated equipment on the building (application for Listed Building Consent)	
2001/3373	Former Gala Bingo Hall 58 St Johns Hill SW11	Installation of six wall-mounted antennas and associated equipment on the building, and four telecommunications cabinets to the north of the building at ground level (application for planning permission)	

2001/3729	58 St Johns Hill SW11	Installation of one equipment cabin, six antennas, four no. 0.6m diameter dishes and associated equipment on the roof of the building, and one electrical meter cabin at ground level (application for planning permission)	
2001/3847	Pavement opposite road junction of Clapham Common West Side with Culmstock Road SW11	Installation of 10m high telecommunications column and antenna with associated equipment cabins.	Approve with Conditions
2001/4001	58 St Johns Hill SW11	Installation of one equipment cabin, six antennas, four no. 0.6m diameter dishes and associated equipment on the roof of the building, and one electrical meter cabin at ground level (application for listed building consent)	Refuse
2003/1291	The Grand 21 - 25 St Johns Hill SW11	Installation of telecommunications apparatus on the roof of the building, including pole mounted antenna, pole mounted transmission dishes and equipment cabinets enclosed by wooden screens; restoration and repair works to the belvederes including reconstruction of two flagpoles.	Approve with Conditions
2003/1296	The Grand 21 - 25 St Johns Hill SW11	Installation of telecommunication apparatus on the roof of the building, including pole mounted antenna, pole mounted transmission dishes, and equipment cabinets enclosed by wooden screens; repair and restoration work to the belvederes including reroofing and reconstruction of two flagpoles on top.	Approve with Conditions
2003/3062	Clapham Common Westside Opp Culmstock Road	Telecommunications base station.	Withdrawn
2006/1611	Pavement on west side of Bolingbroke Grove (opposite junction with Gorst Road), SW11	Installation of 14.7m high telecommunications pole with integral antennae, and equipment cabinet.	Refuse
2009/0302	Pavement to south side of St John's Hill west of 45 St Johns Hill SW11	Installation of a telecommunications mast (comprising approx. 12m high column) and associated equipment cabinet and ancillary development.	Permission Required
2009/1840	Pavement to the south side of St Johns Hill, west of 45 St Johns Hill SW11	Installation of a telecommunications mast (approx. 8m high column) and associated equipment cabinet and ancillary development.	Approve No Conditions

2010/0826	Footway in Eckstein Road adjacent to 48 ST John's Road	Replace telecommunications equipment cabin with larger cabin.	Permission not required
2010/3186	Clapham Junction Maintenance Depot St Johns Hill SW11	Notification of installation of 3 radio antennas, equipment cabinets and support units.	Permission not required

Queenstown

2010/2056	293 Battersea Park Road SW11	Conversion of an existing store room to the rear of the premises into an office for use as a 24-hour mini-cab service (telephone and radio operation only).	Approve with Conditions
2002/0382	Gas Holder Station Prince Of Wales Drive SW8	Proposed 5m extension of existing telecommunications mast, equipment cabin and ancillary development.	Approve with Conditions
2010/2798	Market Towers 1 Nine Elms Lane SW8	Installation of replacement antennas and a single equipment cabinet (notification only).	Permission not required
2010/4300	Land at the junction of North Carriage Drive and Queenstown Road SW8	Erection of a 12.5m high monopole with 6 antennas and one radio equipment cabinet to be installed on the footpath on the north side of North Carriage Drive and the east side of Queenstown Road.	Withdrawn
2010/4366	46 Ponton Road SW8	Installation of a 20m high communications equipment mast to be located adjacent to the north side of Ponton Road.	Approve with Conditions
2010/4550	Land at the junction of North Carriage Drive & Queenstown Road SW8	The erection of a 12.5 metre high telecommunication pole complete with 5 antennae and a radio equipment cabinet.	Refuse
2010/5214	Outside 1 -38 All Saints Court, Prince Of Wales Drive SW11	Installation of green coloured BT cabinet.	Permission not required
2010/5216	Pavement on south side Thackeray Road SW8	Installation of green coloured BT cabinet.	Permission not required
2010/5252	Outside 1-10 Primrose Mansions Prince, Wales Drive on Forfar Road, SW11	Installation of green coloured BT cabinet.	Permission not required
2011/0642	Link House New Covent Garden Market SW8	Installation of 6 cellular pole-mounted antennas, 4 dish antennas, 6 equipment cabinets and ancillary support plant and steelwork, on roof of building.	
2011/2179	Public Footpath Nine Elms Lane Adjacent to an existing bus stop SW8	Installation of telecommunications pole and 2 x equipment cabinets.	

2006/0560	Abbey Business Centre 15 - 17 Ingate Place SW8	Installation of three 300mm diameter transmission dishes and equipment ancillary thereto on roof above eastern-most five-storey part of building.	Permission not required
2006/1327	Market Towers 1 Nine Elms Lane SW8	Installation of five 300mm diameter transmission dishes at roof level	Permission not required
2006/1493	Kirtling Street SW8	Installation of 11.7m high telecommunications pole with integral antennae, and equipment cabins.	Permission not required
2006/2980	Highways land adj 88 Kirtling Street, Nine Elms Lane SW8	Installation of 20m high telecommunications mast, 3 panel antennas, transmission dish, equipment cabinet.	Withdrawn
2006/4610	Area of pavement on the south side of Battersea Park Road east of Austin Road SW11	Installation of a 15m high telecommunications pole with integral antenna and associated equipment cabins.	Refuse
2007/1935	Market Towers 1 Nine Elms Lane SW8	Installation of telecommunications equipment comprising six 300mm diameter transmission dishes at roof level	Approve with Conditions
2002/2866	Market Towers 1 Nine Elms Lane SW8	Installation of telecommunications equipment cabin on roof of building	Permission not required
2002/3174	Parkfields Industrial Estate, Culvert Place, SW11	Erection of a 11.8 metre high lamp post style telecommunications antennae and equipment cabin to the east of Block A (Units 1-5).	Permission not required
2002/5368	Park South Austin Road SW11	Installation of telecommunications equipment cabin and ancillary equipment on roof.	Permission not required
2003/3232	Area of pavement on the south side of Battersea Park Road, east of Austin Road SW11	Installation of a 12.5m high telecommunications pole with integral antenna and equipment cabinets.	Permission Required
2003/3571	Cafe Torelli commercial unit to the east of the Parkfield Industrial Estate Culvert Place SW11	Installation of Vodaphone telecommunications equipment comprising 4 pole mounted antennas onto the existing building and 3 radio equipment cabins to the west of the building with ancillary apparatus.	Permission not required
2003/4973	Abbey Storage 7 Ingate Place Nine Elms SW8	Telecom notification (NOT an application).	
2004/2185	Gas Holder Site Prince of Wales Drive SW8	Installation of 2.5m single pole extension with associated antenna to existing 20m high mast.	Approve with Conditions

2004/4139	Marco Polo House 346 Queenstown Road SW8	Installation of telecommunications equipment comprising a 4m high flagpole style column incorporating 3 antennas and 2 transmission dishes and an equipment cabinet on the rooftop.	Approve with Conditions
2005/4189	Cringle Street SW8	Installation of a 13-metre high telecommunications mast, and associated equipment cabinet on footpath on south side of Cringle Street.	Permission not required
2000/0955	Land at the front of Battersea Power Station (adjacent to the Thames), Kirtling Street SW8	Siting and appearance of a 15m high lattice tower with 3 panel antennae and a ground level Cellnet radio equipment cabin (3.75m long x 2.5m wide x 2.86m high).	Permission Required
2000/1250	Staff Yard Battersea Park SW11	Erection of single-storey extension to 'front' northern elevation and new single-storey building to adjoin at north-eastern corner, in connection with their use as the Council's Parks Police headquarters for the Borough; erection of 1.2m high timber fencing above existing rear boundary wall (overall height of 5.5m); 12 parking spaces, erection of kennel and radio mast at NW corner of the site.	Approve with Conditions
2000/1631	1-5 South Bank Business Centre Ponton Road SW8	Installation of a 5m high pole supporting a 2m high collinear antenna and a folded dipole antenna; and a 3m high pole supporting a 2m high collinear antenna, all on the roof of the building	Approve with Conditions
2000/2657	Cringle Dock Refuse Transfer Station Cringle Street SW8	Siting and appearance of a radio base station comprising an equipment cabin 3.76 x 2.58 x 2.90m high on the lower roof of the building; three cross polar panel antennas pole mounted off the side of the building, and 1100mm high safety hand rails and external access ladders.	Approve No Conditions
2000/3241	Roof of the Abbey Self Storage Building 15-17 Ingate Place SW8	Replacement of existing Orange telecommunications cabinets with new equipment cabin; replacement of existing antennae with new antennae on supporting steelwork; replacement of 3 dish antennae with 4 x 0.6m diameter dishes.	Approve with Conditions

2000/3754	Gas Holder Station Prince Of Wales Drive	15m high telecommunications tower with 6 sector antennae, 2 x 600mm diameter transmission dishes, and an equipment cabinet (3.8 long x 2.5 wide x 2.8m high), surrounded by a 2.4m high fence	Approve No Conditions
2000/3896	Cringle Dock Refuse Transfer Station Cringle Street SW8	Installation of an equipment cabin on the lower roof of the building in connection with the formation of a telecommunications base station.	Permission not required
2000/4425	Nine Elms Telephone Exchange, 180 Stewart's Road SW8	Telecommunications installation comprising three cross polar antennae, two 0.6m diameter parabolic antennae on the roof of the building; and an equipment cabin (3.7m x 2.6m x 2.9m high) at ground level.	Permission not required
2000/4519	Gas Holder Station Prince of Wales Drive SW11	Erection of 20m high lattic tower with 6 sector antennae attached; two equipment cabins, and installation of chainlink fence around the site.	Approve with Conditions
2001/0289	Thames House South Bank Business Centre 140 Battersea Park Road SW11	Erection of telecommunications equipment cabinet on roof of building.	Approve No Conditions
2001/3308	Gas Holder Station Prince Of Wales Drive SW18	15m high telecommunications monopole supporting 2 antennas and construction of an equipment cabin.	Approve No Conditions
2001/3995	Abbey Business Centre Ingate Place SW8	Installation of telecommunications equipment comprising three antennas; four x 0.6m diameter dishes and equipment cabinets and support structure.	Approve with Conditions
2001/4473	Parkfields Industrial Estate Culvert Place SW11	Erection of BT Cellnet 15 metre high lattice telecommunication tower and a radio equipment cabin to the east of Block A (Units 1-5) Parkfield Industrial Estate, Culvert Place, Culvert Road.	Permission not required
2002/0032	Market Towers 1 Nine Elms Lane SW8	Installation of telecommunications cabin and ancillary equipment on roof.	Permission not required
2010/2304	Land at Cringle Street, Nine Elms Lane SW8	Removal of existing 13.4m high monopole mast, and installation of replacement 13.8m high monopole mast, and an additional radio equipment cabinet, on footpath on south side of Cringle Street.	Permission not required

Roehampton

2010/2620	Bank of England Sports Centre Bank Lane SW15	Installation of 3 antennas with associated radio equipment and cabinet at roof level (Notification of telecommunication equipment).	Permission not required
2001/2265	Kimpton House, Fontley Way SW15	Installation of service equipment cabinets on the roof of Kimpton House (and relocation of three existing cabinets). Replacement of six antennas, increase in size of three dishes from 300-600mm with four dishes in total.	Refuse
2010/3959	Outside Fairacres, Roehampton Lane SW15	Erection of 11.8m high telecommunication mast and associated equipment cabinet location next to bus stop outside Fairacres.	Refuse
2006/2169	Pavement between St Joseph's RC Church and Medical Centre Roehampton Lane SW15	Installation of a 15m telecommunications monopole mast with 3 antennas and 1 no. equipment cabinet on the pavement on the south side of Roehampton Lane east of the junction with Danebury Avenue.	Refuse
2006/2868	Binley House Highcliffe Drive SW15	Installation of 300mm transmission dish antenna to existing rooftop telecommunications apparatus.	Approve with Conditions
2006/3644	Highway land at Roehampton Lane SW15	Installation of a 12.5m "Telegraph Pole" with 6 shrouded antennas and equipment cabinets on pavement on SW side of Roehampton Lane near No. 1 Kingsclere Close.	Withdrawn
2006/4163	South-west corner of Stag Lane and Friars Avenue Putney Vale SW15	The installation of telecommunications equipment in the form of a 15 metre flexicell column with 2 no. equipment cabinets.	Withdrawn
2006/4302	Highway land at Roehampton Lane SW15	Installation of a 12.5m slimline monopole and associated equipment cabinets.	Permission Required
2006/5110	Kimpton House Fontley Way SW15	Installation of 6 replacement antennae and installation of 3 additional transmission dishes and 4 equipment cabinets and ancillary equipment on the roof of Kimpton House.	Approve No Conditions
2006/5346	South-west corner of Stag Lane and Friars Avenue SW15	The installation of telecommunications equipment in the form of a 15 metre flexicell column with 2 no. equipment cabinets (revised proposal).	Refuse

2007/0929	Roehampton Lane Streetworks SW15	Installation of 12.5 high telecommunications mast and associated cabinets on the pavement on Roehampton Lane opposite 191 and 193 Roehampton Lane.	Permission Required
2008/5011	Highways Pavement East Bound slip road to stag lane Roehampton Vale	Erection of 17.5 metre telecommunications column and 1no. equipment cabinet.	Refuse
2009/0426	East Bound Slip Road to Stag Lane Roehampton Vale	Erection of a 15 metre telecommunications column and 1 equipment cabinet.	Refuse
2010/1849	O/S 9 to 16 Cornwall House, Portsmouth Road, SW15	Installation of green coloured BT cabinet.	Permission not required
2010/1872	South side of Roehampton Lane, north of Allbrook House, SW15	Application for prior determination for the replacement of existing 12.5m high telecommunications column with new 12.5m column and additional equipment cabinet on Roehampton Lane pavement.	Permission not required
2010/1902	Rodway Road, S/O Riplington Court, 1 Longwood Drive, SW15	Change in Dimensions of green coloured BT cabinet.	Permission not required
2010/2000	S/O Purbrook House, Petersfield Rise SW15	Installation of green coloured BT cabinet.	Permission not required
2002/3626	Kimpton House Fontley Way SW15	Installation of 3 new service equipment cabinets on the roof of Kimpton House and replacement of 3 existing cabinets. Replacement of 6 existing antennas and relocation of 2 antennas to the corner of roof. Replacement of 4 existing dishes and increase of 300mm in the size of 3 dishes.	Refuse
2003/0422	Garden Court Froebel College Roehampton Lane SW15	Erection of telecommunication equipment, including 3 antennas on roof and 1 equipment cabin at ground level.	Permission Required
2003/1076	Binley House, Highcliffe Drive	Installation of six telecommunications antennae, four point to point dishes and equipment cabin and development ancillary.	

2003/2340	Rossllyn Park Football Club Priory Lane SW15	Erection of 17.5 m lattice telecommunications mast with six antennas on the northern boundary of the site and floodlights (in place of existing floodlighting column). Installation of associated equipment cabinets. As part of this proposal, the existing mast to the eastern boundary of the site will be removed.	Approve with Conditions
2003/3410	Binley House Highcliffe Drive SW15	Installation of three telecommunication antennae, 1 transmission dish and six equipment cabinets on roof together with associated ancillary works.	Approve with Conditions
2003/3411	Binley House Highcliffe Drive SW15	Installation of three telecommunication antennae, 1 transmission dish and six equipment cabinets on roof together with associated ancillary works (application for Listed Building Consent).	Approve with Conditions
2004/2244	Garden Court, Froebel College, Roehampton Campus SW15	Erection of 3 antennas and 4, 0.6m transmission dishes located around the plant room with 6 equipment cabinets (Application of Prior Notification).	Permission not required
2004/3242	Tibbets Corner/Kingston Road SW19	Installation of 18m-slimline monopole with transmission dish together with associated equipment cabinets located on the southern footpath of the Kingston Road slip road off Tibbets Corner.	Approve with Conditions
2005/0012	Land adjacent to Roehampton Lane SW15	Application for prior determination in respect of a 10.0m street furniture column with a new 12.5m high street furniture column and equipment cabinet on land adjacent to Roehampton Lane.	Withdrawn
2005/0093	A3 Kingston Road Roehampton SW15	Upgrade of existing mobile base station comprising of replacement of existing 15m slimline monopole with 20m slimline monopole.	Refuse
2005/0756	Land adjacent to Roehampton Lane SW15	Application for prior determination in respect of a new 12.5m telecommunication mast (to replace an existing 10m high telecommunication mast) and equipment cabinet on land adjacent to Roehampton Lane.	Permission not required

2005/4324	Land adjacent to the intersection of Roehampton Lane and the A3, Putney Heath SW15	Installation of 11.6m telecommunications monopole with ground based equipment cabinet.	Permission Required
2000/1630	Alton House Norstead Place SW15	Installation of telecommunications equipment; 12.5m monopole, two panel antennas and two 600mm dishes together with radio equipment cabin at ground level at end of carpark adjacent to Chohole Gate.	Refuse
2000/2292	Alton House Norstead Place SW15	Installation of telecommunications equipment; 12.5m monopole with 2 no. panel antennas and 1 no. dish along with a radio equipment cabin at ground level at end of car park adjacent to Chohole Gate.	Refuse
2000/3169	Bank Of England Record Office Bank Lane SW15	Erection of three panel antennas and radio equipment cabin for telecommunications on the roof of the building.	Permission Required
2000/4507	Kimpton House Fontley Way SW15 4ND	Installation of a 2F cabin and the swapping out of the existing dishes and antennas on the roof of Kimpton House.	Refuse
2001/0560	Kingston University, 139 Roehampton Vale SW15	Replacement of 5 existing cabinets with 10 new proposed cabinets in the existing compound, erection of four transmission dishes and the swap out of the existing six panel antennas.	Approve No Conditions
2001/1542	Rosslyn Park FC Ltd Priory Lane SW15	1 Equipment cabin at the base of the existing BT Cellnet tower	Refuse
2010/3096	Alton road s/o 20 Horndean close SW15	Installation of new green cabinet.	Permission not required

Shaftesbury

2010/5210	Pavement to side of 41a Queenstown Road SW8	Installation of green coloured BT cabinet.	Permission not required
2006/1407	MishMash 45 Lavender Hill SW11	Installation of telecommunications equipment comprising three antennae mounted on the building together with two radio equipment cabinets and ancillary works.	Refuse
2006/5952	Battersea Telephone Exchange Altenburg Gardens SW11	Installation upgrade to existing telecommunications apparatus on roof (notification of installation).	Permission not required
2008/1183	Battersea Telephone Exchange, Altenburg Gardens SW11	Installation of telecommunications equipment antenna on roof and replacement of 2 existing antennas.	Withdrawn
2002/1515	Battersea Telephone Exchange 56 Altenburg Gardens SW11	Installation of three antennas, three telecommunication dishes and an equipment cabin on the roof of the building.	Approve with Conditions
2002/5011	Battersea Telephone Exchange Altenburg Gardens SW11	Installation of telecommunication antennae, a transmission dish and an equipment cabinet on the roof of the building.	Permission not required
2000/0696	202 Lavender Hill, SW11	Siting and appearance of telecommunications equipment cabinets on roof in place of Orange Personal Communications Services erected in 1996.	
2000/1170	Roof of 207 Lavender Hill London SW11	Siting and appearance of proposed replacement Vodafone equipment cabin (3.7m long, 2.5m wide and 2.8m high) and steel stub antennae tower (6.75m high above roof)	Permission not required
2000/4213	Wandsworth Social Services 207 Lavender Hill SW11	Installation of additional antennae at Cell No. 4269C	
2001/0224	207 Lavender Hill SW11	Telecommunications equipment cabin (3.7m long, 2.5m wide, 3m high) on roof.	Approve No Conditions
2001/1502	C A Webber yard, Culvert Place SW11	Erection of a BT Cellnet 15 metre high lattice telecommunications tower and a radio equipment cabin, in east corner of the skip yard off Culvert Place..	Approve with Conditions

2001/2329

202 Lavender Hill SW11

Erection of ten replacement
telecommunications equipment
cabinets on roof of building.

Permission not required

Southfields

2005/3212	Pavement on the south side of Replingham Road at the junction with Wimbledon Park Road - opposite 2A Replingham Road/251 Wimbledon Park Road.	Installation of 11.4m high telecommunications mast and associated equipment cabinet opposite 2A Replingham Road/251 Wimbledon Park Road (application for prior approval).	Withdrawn
2005/1402	Sudbury House 85 Wandsworth High Street SW18	Installation of 31 transmission dishes and 6 antennae for telecommunications operator on the roof of Sudbury House.	Approve with Conditions
2001/2645	75 Kimber Road SW18	Erection of roof top equipment including hand rails and ladders in connection with the installation of roof top and ground level telecommunications equipment.	Permission not required
2001/1948	333 Merton Road SW18	Construction of a radio base station comprising 6 panel antennae on 3 tripod mounts on the existing building and 1 radio equipment cabin supported on a new grillage at roof level.	Permission not required
2002/0466	Cnr Granville Road and Wimbledon Park Road SW19	Installation of 10m high telecommunications 'lamppost'/mast (comprising shrouded antennas) and an equipment cabinet. (Application for prior determination regarding siting and appearance).	Withdrawn
2000/3692	Sudbury House 85 Wandsworth High Street SW18	Recladding of the building including alterations at lower level, use of the first and second floors as offices and/or surgery, nursery, clinic or other uses within Class D1; erection of a plant enclosure and new roof over the building incorporating a telecommunications mast, and the erection of a part single, part two-storey entrance lobby onto the High Street.	Deemed permission granted
2010/2572	75 Kimber Road SW18	Removal and replacement of 3 antennas with associated radio equipment within existing equipment room (Notification of telecommunication apparatus).	Permission not required
2004/1891	Corner of Granville Road / Wimbledon Park Road SW18	Installation of a 8m high telecommunications standing column and associated equipment cabinets.	Withdrawn

2005/0447

Southfields Community
College 333 - 337 Merton
Road SW18

Installation of Electronic
Communications Apparatus.

Withdrawn

St. Mary's Park

2003/3088	Albion Wharf Hester Road SW11	Installation of 14.9m column supporting three antennae on land adjacent to Riverside walk in front of Albion Riverside Development	Permission Required
2004/3608	The Glassmill 1 Battersea Bridge Road SW11	Installation of telecommunications equipment on the roof of the building, comprising six panel antennae, four dish antennae, and an equipment cabinet.	Refuse
2000/2533	Roof of the Glassmill Battersea Bridge Road SW11	Siting and appearance of 8 proposed BT Cellnet equipment cabins (overall height 1.4m) in 3 banks.	Permission not required
2000/2925	North facing wall (23.5m above ground level) The Glass Mill 1 Battersea Bridge Road SW11	Siting and appearance of proposed 0.4m diameter microwave dish and support pole.	Permission not required
2000/3471	Gardener House Surrey Lane Estate SW11	Siting and appearance of a new equipment cabin (3.4m long x 3.1m wide x 2.7m high; removal of 6 antennae attached to lift motor room and erection of 6 new antennae located on 3 steel frame platforms around edge of roof.	Permission not required
2001/1069	Roof of the Glassmill 1 Battersea Bridge Road SW11	Replacement of Vodafone cabin on roof with a larger cabin.	Permission not required
2001/3306	200 York Road SW11	Installation of telecommunications cabin on the south west of the roof of the main building, along with 6 antennae and 4 dishes.	Permission not required
2001/4846	200 York Road SW11	Installation of 6 panel antenna, 4 equipment cabinets and associated works (application to determine whether the prior approval of the Council is required for the siting and appearance of the proposed equipment).	Permission not required
2003/2356	Area of pavement along Westbridge Road south of Draycott Court west of Whitgift House.	Installation of 15 metre telecommunications pole with integral antennae, and equipment cabinet.	Withdrawn
2010/1311	Travelodge 200 York Road SW11	Installation of 3 replacement antennas and a badger cabinet at roof level (Prior Approval).	Permission not required

2009/3966	200 York Road SW11	Notification of intention to install 3 x new antennae and 3 x replacement antennae on existing pole mounts at roof level.	Permission not required
2007/2527	The Glassmill 1 Battersea Bridge Road SW11	Installation of one 0.2m diameter dish onto existing base station.	Permission not required
2006/5107	Gardiner House Surrey Lane Estate SW11	Siting and appearance of telecommunications equipment on the roof of the building comprising six replacement antennae; three additional transmission dishes; four equipment cabinets and ancillary equipment.	Permission not required
2006/2807	326 Battersea Park Road	Installation of replica flagpole antenna (4m high) and ancillary equipment on roof of building; and two pole-mounted microwave dishes (0.3m diameters).	Permission not required
2011/1333	The Glassmill 1 Battersea Bridge Road SW11	Installation of electronic communications apparatus.	Permission not required
2010/3691	326 Battersea Park Road, London SW11	Replacement of existing flagpole antenna with a higher antenna, and installation of ancillary equipment.	Approve with Conditions
2002/0040	The Glassmill 1 Battersea Bridge Road SW11	Installation of six wall-mounted antennae; four x 0.6m diameter transmission dishes, seven equipment cabins and associated equipment on the roof of the building.	Permission not required
2010/3265	The Prince of Wales PH 186 Battersea Bridge Road SW11	Install six antennae within two imitation chimney stacks, to match existing stacks, with ancillary development and internal equipment housing.	Approve with Conditions

Thamesfield

2010/1825	O/S Constitutional Club, Lower Richmond Road opposite 12 Lower Richmond Road in Ruvigny Gardens SW15.	Installation of green coloured BT cabinet.	Permission not required
2003/4645	Jordan Court, 300-302 Upper Richmond Road SW15	Proposed installation of telecommunications radio base station.	
2001/2305	11 - 13 Point Pleasant SW18	Erection of 3.5m diameter dish antenna on roof to match existing dish antenna.	Approve with Conditions
2010/1784	300 - 302 Upper Richmond Road SW15	The removal and replacement of 3 antenna at roof level and provision of new cabinet at ground level to the rear of the building.	Approve with Conditions
2010/3957	15 S/O Oxford Road in Esmond Street SW15	Installation of green BTcabinet.	Withdrawn
2001/0166	21 Spencer Walk London SW15 1PL	Lime trees x4: Fell. Sycamore: Crown reduce and thin by up to 30%.	Approve with Conditions
2010/3824	50 Clarendon Drive SW15	Installation of green BT cabinet.	Withdrawn
