

Need more clear recycling sacks?

You can collect more sacks from our **Customer Centre** at the Town Hall in Wandsworth High Street, SW18 2PU, order them online or by telephone (see contact details below).

Single-use plastics Top 10 Tips

Please help us reduce the harmful impacts of single-use plastics on the environment by:

- Avoiding single-use plastic packaging where possible
- Recycling plastic bottles, pots, tubs and trays in your clear recycling sack or bank
- Recycling plastic films bearing the "Recycle with carrier bags at larger stores" logo at supermarkets
- Using cloth shopping bags or "bags for life"
- Using a refillable water bottle, cup or mug
- Refusing plastic straws and cutlery
- Packing your lunch in re-usable containers not clingfilm
- Buying loose vegetables instead of pre-packaged ones
- Finding out more at www.wandsworth.gov.uk/recycling/plastics
- Encouraging friends and relatives to do the same

A guide to your Recycling and Rubbish

Why recycle?

Recycling is an easy way for us all to make a real difference to the environment.

By choosing to recycle you are giving many items the chance to be remade into something new, instead of being wasted.

When you recycle you save tax payers' money which can be better spent on council services.

How do I recycle?

It couldn't be easier. Instead of throwing the items listed below in the bin, just put them in your clear recycling sack or orange-lidded bank.

The items just need to be **clean and dry**, and if you're recycling containers **remove any lids/caps first** and put in the bin.

Paper, card
and cardboard

Glass bottles
and jars

Metal tins
and cans

Plastic bottles,
pots, tubs
and trays

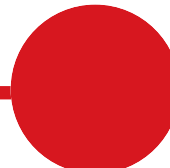

Cartons and
TetraPak®

These items are not suitable for your recycling sack or bank, but may still be recyclable elsewhere.

* These can be recycled at the Smugglers Way Household Waste and Recycling Centre, SW18

** Find your nearest textile recycling bank:
