

FUNDING AND GRANTS RESOURCE FOR VOLUNTARY AND COMMUNITY SECTOR ORGANISATIONS

About this Booklet

This resource has been developed to help voluntary and community organisations in Wandsworth with their fundraising strategies and efforts. We state the date of the latest version in the footer the page to tell you when it was last updated. This information has been compiled by the Community and Partnerships Team and from other local sources. It is not a complete list of all small grants available, but provides a starting point for voluntary and community groups looking for funding for their activities and projects. Although we have made every effort to ensure all the information in this leaflet is correct, we recommend you check deadlines and criteria with the funders directly as we cannot be held responsible for changes to these schemes. Please also contact the funders directly to obtain guidance, application forms and further information about the grants.

To apply for any of the grants below, it is highly likely you need a management committee, a governing document (constitution or memorandum & articles) and normally also a bank account with a minimum of two signatories, although some funders will allow another organisation to receive a grant on your behalf. You do not need to be a registered charity/company unless otherwise stated (however do check with the funder). Please note that many of the grant schemes are on-going – if you miss a deadline, there might be another round along where there is a rolling programme of grant making allowing open submissions. Contact the funders directly to find out.

The information above has been checked as far as possible, but is very prone to change as funders review their work on a constant basis. There are a range of funding database website available – some free to use and others for an annual or one-off fee. Time for research, reading and understanding the detail of what each funder is seeking to support, are all key to successful grant applications.
