Dear Resident,

### Update on council-led development sites – garages adjacent to Salter House

I'm writing to you regarding the potential redevelopment of non-residential garages to the west of Salter House.

Following a thorough review of all viable options, a study has now been concluded and the chosen proposal is to construct four residential homes for open market sale. These units will be a mix of 2no. 3-bed and 2no. 4-bed houses. This much needed additional housing will be aimed at homes for local people and those working within the borough as part our Housing for All 1,000 Homes programme.

In the coming weeks, a brochure with details of the scheme will be sent out with information regarding an online consultation event where you will be able to give us your feedback about the scheme as well as hear from our Design Team. There will be drawings, plans and reports on topics including, but not limited to:

- Timeline of the development to date
- What the new development will look like
- Landscaping improvements
- The number and make up of new homes
