### SITE UPDATE | April 2024

We are pleased to issue the newsletter for April 2024. Internally the electrical, mechanical and carpentry works are in the second stages of completion. Flooring has been completed to the balcony and walkway areas and work is underway to the lifts. Plastering has commenced on the internal walls and the internal works are ongoing, as shown in the adjacent photo.

Externally, the water connection is now complete. The scaffolding is starting to be dismantled and the cleaning of the building elevation will commence. Lastly, the crane is due to be dismantled this coming week.

**Ongoing internal works to both blocks**

**Student's artwork**

### Looking Ahead

The Groundworkers are returning to carry out paving and landscaping works around the blocks. Stonework, window installation, levelling of walkways and waterproofing should all be completed in this period. We are going to commission the electricity and water to the blocks over the coming weeks. Lift installation is continuing and painting is due to commence internally.

You may have noticed on our hoarding some artwork that was painted by Year 3 students from St. George's Primary School under the guidance of local artist Sol Golden Sato. The artwork was titled "Building my future" as part of our social value engagement.

### SOCIAL VALUES

As part of our Social Values, Bugler was very excited to sponsor the launch of the Easter Hope Community Art exhibition at the Nine Elms Art Ministry last month.

It was a free exhibition highlighting beautiful artworks exploring Easter Hope, they were created by the residents in workshops lead by Artist and Creative Director Anna Cowie.

It was wonderful to have Councillor Aydin Dikerdem from Wandsworth Borough Council join us. Also in attendance was Bishop Rob, Bishop of the Arts who launched and blessed the exhibition and Reverend Betsy. Also present was Bugler’s Senior Contracts Manager for Patmore Street Shane Mackintosh and Resident Liaison Officer Helena O’Keeffe. In summary, it was a very enjoyable evening for everyone involved.
