1 Introduction

1.1 The Wandsworth Local Plan Authority Monitoring Report

The Authority Monitoring Report forms part of the Local Plan. The requirement for a local authority to produce an Authority Monitoring Report is set out in Section 113 of the Localism Act 2011. The Act requires every authority to produce a report or series of reports containing information on the implementation of the local development scheme and the extent to which the planning policies set out in the local plan documents are being achieved.

The Council has committed to monitoring the performance of policies as set out in section 5.14 of the Core Strategy (Adopted March 2016):

Monitoring the effectiveness of the policies and strategies over time, including targets where appropriate, is essential to ensure that objectives of the Core Strategy are being delivered.

[. . .]

The information collected as part of the preparation of the Authority Monitoring Report will also feed into annual monitoring systems set up by the GLA [Greater London Authority] and TfL [Transport for London].

The Authority Monitoring Report is made up of a series of downloadable reports and spreadsheets:

1. Local Development Scheme;
2. Housing;
3. Industry, Employment and Retail;
4. Sustainable Development and Communities; and
5. Community Services and the Provision of Infrastructure.

1.2 The Sustainable Development and Communities Policy Performance Report

This report is the Sustainable Development and Communities Policy Performance Report and covers the period from 1 April 2019 to 31 March 2022.

This report includes many of the indicators reported in the previous Annual Monitoring Reports. The indicators are as set out in Appendix 1 to the Core Strategy of the Local Plan (Adopted March 2016).

A full review of the Local Plan (Adopted March 2016) was carried out between December 2018 and July 2023. The new Local Plan was adopted in July 2023 and the new Monitoring Framework will be used to monitor policies from the adoption date.

Where it would appear through monitoring that targets are not being met it may be necessary to review the policies within the Local Plan to see if they need to be amended in order to secure delivery of the spatial vision, consider alternative strategies or take appropriate management action to remedy the cause of underperformance.

The need to review policies relating to specific areas of the borough or take appropriate management action, will also take account of information on likely future delivery, such as information on the granting of planning permissions and feedback from developers on the prospects for the implementation of schemes.

Information produced in previous monitoring reports is also available to download from wandsworth.gov.uk/amr.

1.3 Further Information

For further information about the Authority Monitoring Report, please contact Planning Information on 020 8871 5830 or email planninginformation@wandsworth.gov.uk.

2 Sustainable Development and Communities Indicator Performance

Table 1: Key to indicator performance symbols

Performance	Symbol
Target achieved	✓
Not performing as wanted (80–90% of target met)	!
Not performing as wanted (< 80% of target)	x
Not enough data available to interpret results	?
