

# **Wandsworth Neighbourhood Renewal Fund**

Victoria Smith: Community Funding Manager  
Olutayo Olalekan: Community Engagement Officer

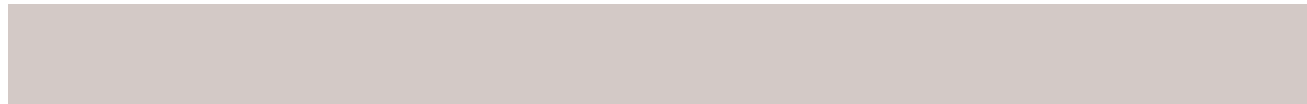

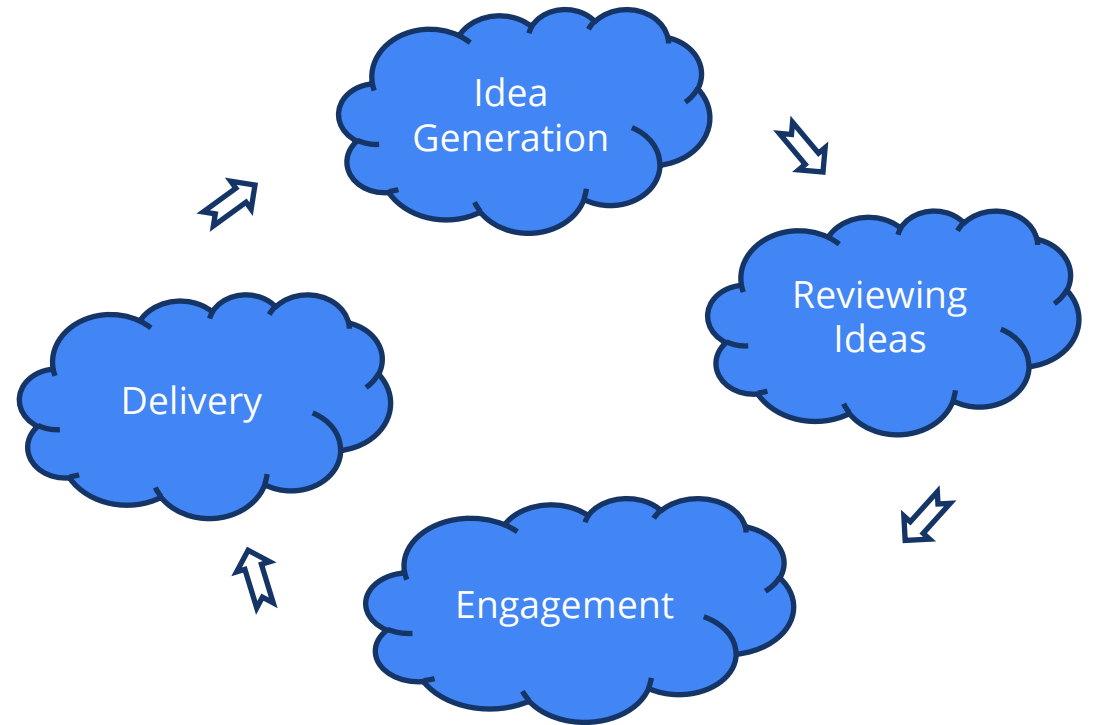

# What is it?

- Developers must pay funds known as the Community Infrastructure Levy (CIL) to local councils as part of their planning commitments on certain types of new development.
  - NCIL is a portion of these funds, which are reinvested back into our communities to address neighbourhood priorities and provide community solutions.
  - As development increases there will be a greater demand placed on Infrastructure e.g. community facilities, green spaces, sustainable transport
  - In Wandsworth the NCIL funding is called Neighbourhood Renewal Fund.
