

# Wandsworth Voluntary and Community Sector Network meeting

Join us to kick start a series of conversations on how we work together to deliver our shared VCS strategy outcomes.

This meeting is an opportunity for Wandsworth’s Voluntary and Community Sector to contribute and help shape the delivery of VCS capacity building support. The council remains strongly committed to investing and working with the sector to see how we can deliver the core outcomes together. We would therefore like to invite

you to come along to discuss and give feedback on how VCS support can be delivered. Your insights will be vital in informing this next phase, so please join us to be part of the conversation with Council Officers and Cllr Kemi Akinola to ensure we are moving forward, together.
