

Controlled Parking Zones in Wandsworth

KEY

- Borough Boundary
- Priority (Red) Route
- Railway Station
- Underground Station

Please see individual zone maps for additional guidance for each area.

This plan is for general information only and should not be relied upon to identify the exact location of zone/sub-zone boundaries or operational hours/days. The Zone identifier is shown by a capital letter, and usually followed by a number. Where a lower case letter has been added to a Zone identifier (e.g. L2a, H3b), it is for illustrative purposes only to indicate the various operational hours/days that exist in some Zones and will not appear on permits. This plan gives no indication of eligibility for a CPZ permit. When parking, drivers should always check the parking signs relating to the bay in which they are parked.

Any errors identified should be reported to parkingpolicy@richmondandwandsworth.gov.uk
